£1200 for 1 person, £1700 for 2 or £1950 for 3.)**

### **Content as of 1<sup>st</sup> Dec. 2014**

This course is available in 2 options; compressed & standard. The curriculum, in terms of subjects covered, is the same in all cases.

Compressed version (1 day). This is meant as a revision course for those about to do the Advanced Course, where this is an extra day before the advanced course starts. In this version the key curriculum points are covered, but there is restricted time for doing the exercises

Standard version (2 days), covers the same ground, students have more time to practice their Pro/E skills. This is usually run with the Basic course to make a 5-day package.

#### **Content:-**

- Introduction
- Creating Parts
- Duplicating Features
- Family Tables
- Regeneration Failure
- Creating Assemblies
- Miscellaneous Features
- Assembly BOM & Cosmetics
